

Drone Federation of India

The Drone Federation of India (DFI) is a non-government, not-for-profit, industry-led body that promotes and strives towards building a safer and scalable unmanned aviation industry in India. DFI engages with Thought Leaders, Industry Experts, Visionaries and Policymakers to share their expertise and build a sustainable UAV Industry in India.

The Drone Federation of India addresses issues of the UAV Industry and help solve them by forging strong Global Industry Partnerships, Extensive Research, Technology and Knowledge Transfers, Business Case Studies, Pilot Projects, engage with Policymakers and provide our members access to industry insights.

Drone Federation of India invites Drone Manufacturing Companies, Drone Services Companies, Drone Software Companies, Drone Training Companies, Drone Support Companies, Hobbyists, Enthusiasts to join its network to grow the UAV industry in India. Drone Federation of India currently has 1000+ members in its network.

Membership Benefits

At Drone Federation of India, our key goal is to grow the UAV Industry in India and help our member companies across different verticals around the UAV Industry. Drone Federation of India works on the following key areas:

- **Policy Advocacy**
DFI as an industry association, one of the key roles of DFI is to work with the Government to support policymaking that both fosters the growth of industry and addresses the policymakers' concern. The DFI focuses on evidence-based policy advocacy that provides an unbiased perspective to policymakers.
- **Industry Partnerships**
DFI helps establish strategic partnerships for Knowledge and Technology transfer both Locally and Globally through our vast network of Global Partnerships.
- **Business Challenges and Collaboration**
DFI helps its member companies improve their business efficiency by the means of research, case studies, pilot projects and facilitate innovation on different business cases by establishing public and private sector collaborations. DFI also helps its member companies resolve business challenges like import clearances, regulatory compliances, insurances.
- **Access to Industry Insights**
DFI organises regular meetings and webinars across various Industry partners and Foreign collaborations which showcase the latest products, features and technologies being developed and launched across the world.
- **Access to Foreign Collaborations and International Expos**
DFI currently runs strategic collaborations with Commercial UAV Expo, Drone Alliance Europe and Amsterdam Drone Week and sends out a delegation of its members to all the co-hosted International Expos across the world.
